

CHAD HANCOCK
CANCER FOUNDATION
FOR YOUNG ADULTS INC.

2011 Chad Hancock Cancer Foundation Race day a great success

We continued our tradition of having our annual race day at the Morphettville Racecourse on the 19th of February 2011.

We were booked into the upper level of the tapestry pavilion again on a perfect 25 degree day overlooking the picturesque track and finish line.

With a record number of 184 people attending, we were able to raise **\$30,250** for the Foundation, which will go towards the many programs we are currently supporting. These include the Women's & Children's Hospital Foundation Young Adult Support Fund, the Adolescence & Young Adults (AYA's) cancer program, the Royal Adelaide Hospital and Canteen over 18's Revolving Recreation days and camps.

A highlight was a presentation by Ben Michael, who is a young cancer survivor and has taken part in the AYA Exercise and Recovery program. He shared his story and really reiterated why we started the Foundation and the continuing needs of young people with cancer. He expressed the hardships he went through and some of the trials he is still facing. A big thank you to Ben for sharing his story with us!

Once again Cosi MC'd the day and as usual did a fantastic job hosting.

Thanks to all our sponsors and supporters for your generous support with a special mention to the AMP Foundation who donated \$10,000 for the day!

Thanks also to everyone who attended and we hope to see you and your friends back next year. Please book Saturday the 18th February 2012 for another bigger and better Race Day and keep in touch with us by visiting our website www.chadhancockfoundation.org

Kind Regards

Mark Haynes
